Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

The tax payers always pay the burden for fcc. We pay for everything now. I will be watching for the groups that keep wanting to raise our rates. My parents are older and need this service for urgent calls. If you raise the prices for more money than they will and I will suffer.

Please consider this before you raise fcc tax again,
truly Yours
Ron Smith
